

Internship Weekly Report – B. Tech CSBS (TIP)

Student Name: Mahvish Reyaz Ansari

Employer Name: E4 Software Services

Email-ID: mahireyaz12@gmail.com

Mobile Number: 1234567890

Reporting Period (dates): 3-6-24 to 7-6-24 (Week 5)

Goals:

- Implement a chatbot using a different approach based on custom functions of ChatGPT.
- Develop the frontend for the chatbot.
- Connect the frontend and backend using the Flask framework.
- Fetch US population data for a given year by US and state using two public APIs.
- Process user questions with OpenAI's GPT-3.5-turbo model.
- Continue work on Module 2 - Posthog and set up Git.
